Kristina, I just got off the phone with you requesting a 30 extension. You asked I send in a request to you this date. The envelope with the information was sent on May 7th and I received it on May 12th. I sent the information off to my lawyer and was notified I need to get a lawyer who handles Federal complaints.

Please let me know if this is possible by either at my email

or my cell

Thank You for your help
